Corner Units 6-25

Corner pullouts in multiple designs, basket quantities, and colours, as well as Lazy Susans.

Tall Pantry 26-43

Pullout larder units and tall pantry storage systems.

Base Cabinets 44-61

Bottom and side-mounted pullouts in a range of widths for multiple applications.

Upper Cabinets 62-67

Upper cabinet pullouts provide easier access to stored goods.

Waste Storage 68-93

Bottom and side-mounted pullout waste bins in multiple bin sizes and configurations.

Laundry & Bath 94-101

Side and bottom-mounted pullout and tilt out laundry hampers.

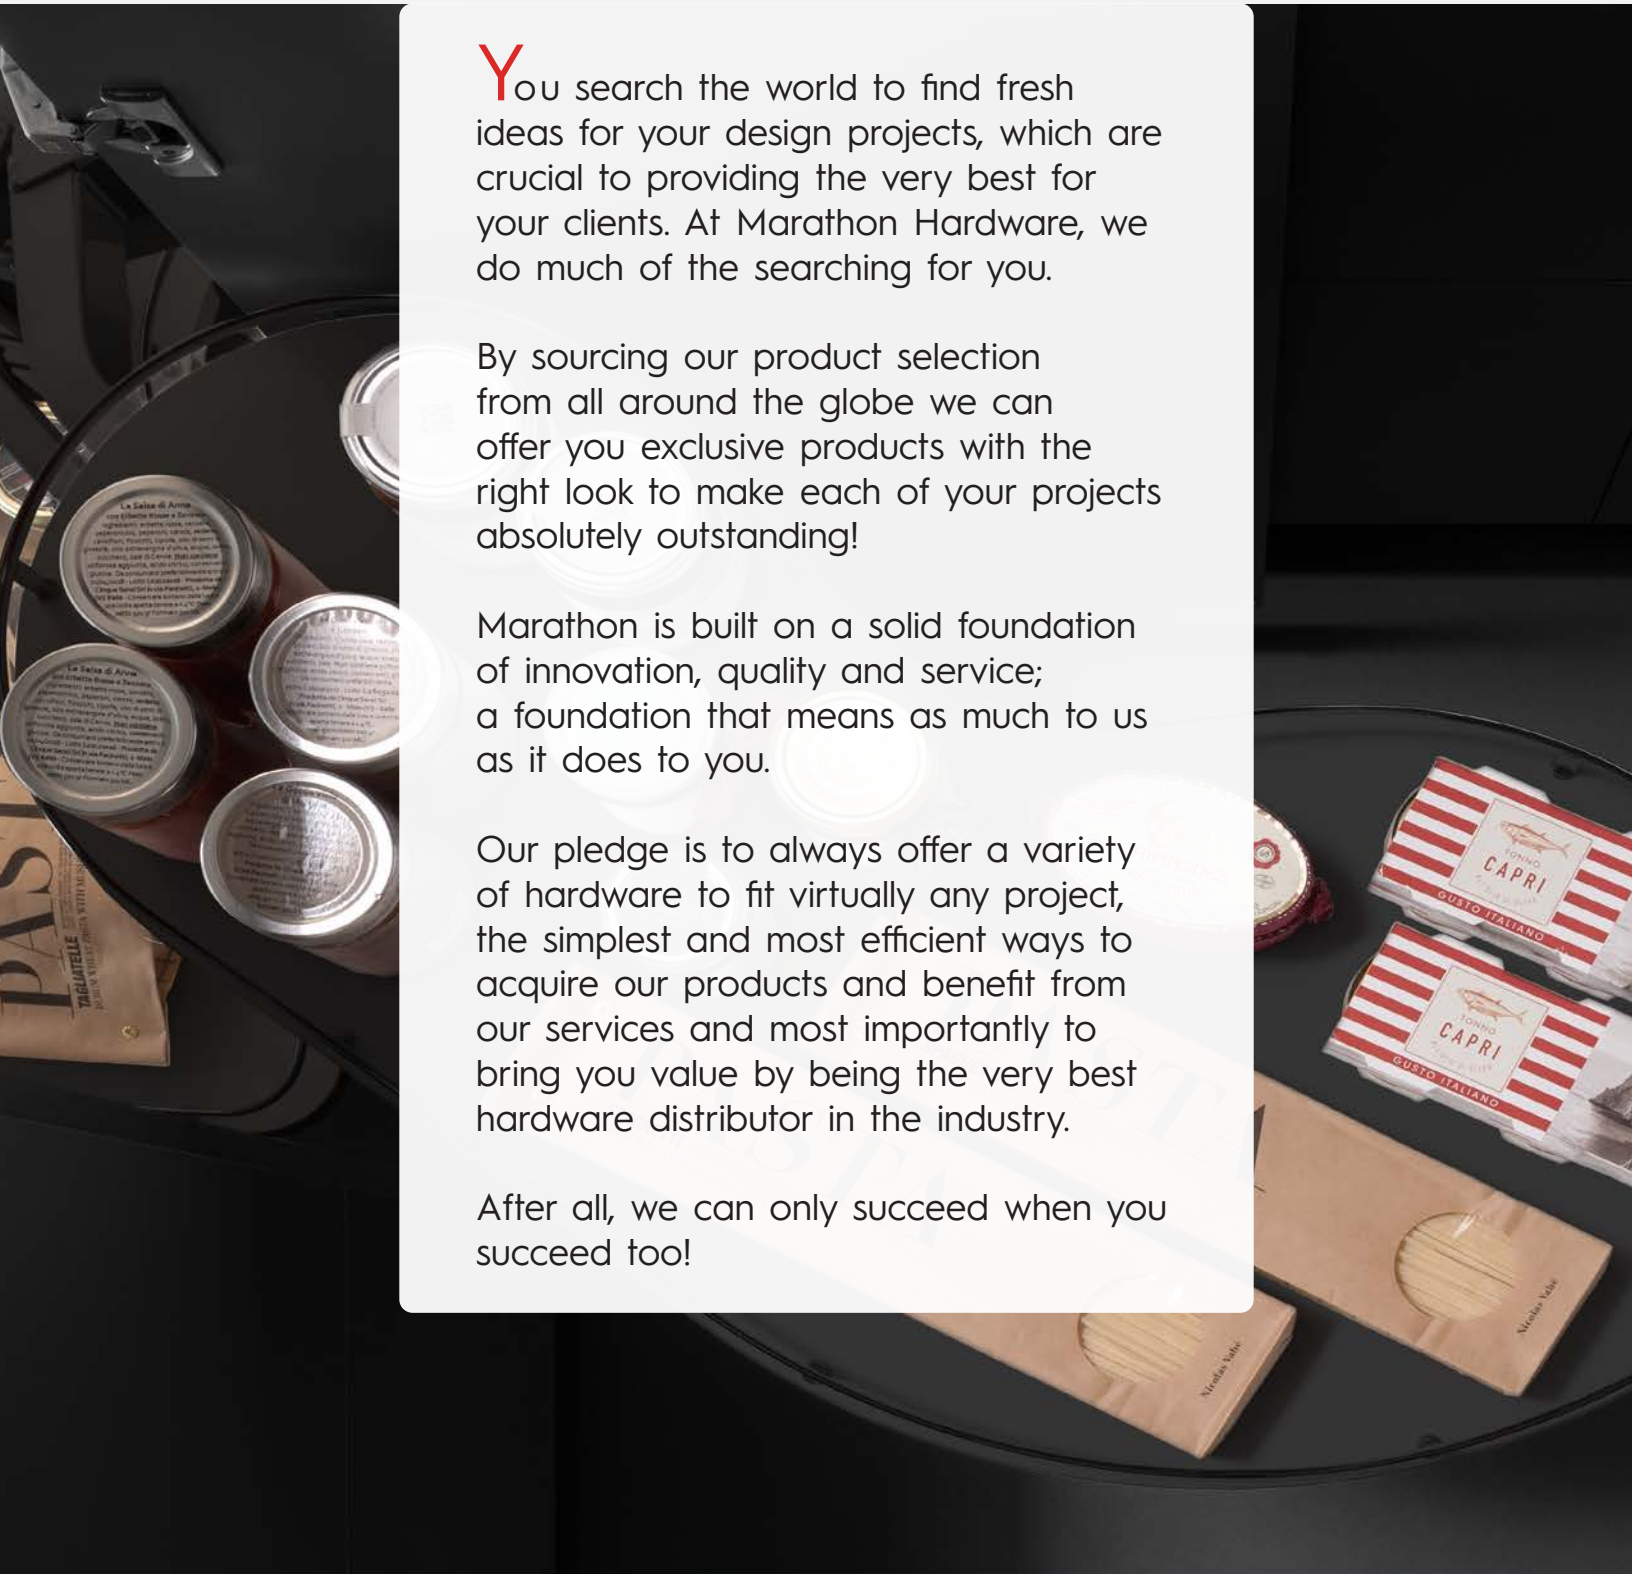

Shelving Systems 102-111

Modular shelving provides additional storage that can be customized to any space.

Kitchen Organization 112-125

Cutlery trays, stemware holders, and spice racks give all the small items in the kitchen a home.

WHY Marathon is Your Best Choice

You search the world to find fresh ideas for your design projects, which are crucial to providing the very best for your clients. At Marathon Hardware, we do much of the searching for you.

By sourcing our product selection from all around the globe we can offer you exclusive products with the right look to make each of your projects absolutely outstanding!

Marathon is built on a solid foundation of innovation, quality and service; a foundation that means as much to us as it does to you.

Our pledge is to always offer a variety of hardware to fit virtually any project, the simplest and most efficient ways to acquire our products and benefit from our services and most importantly to bring you value by being the very best hardware distributor in the industry.

After all, we can only succeed when you succeed too!

We offer over 300 kitchen storage accessories including pullout pantries, base and corner cabinet pullout units, cabinet and drawer organizers, as well as pullout waste storage bins and hampers, and modular shelving units. We have everything you need to create both a beautifully on-trend and highly functional kitchen design that will keep your clients satisfied for years.

We believe in customer service and work hard to offer our customers a personalized approach that meets your individual needs.

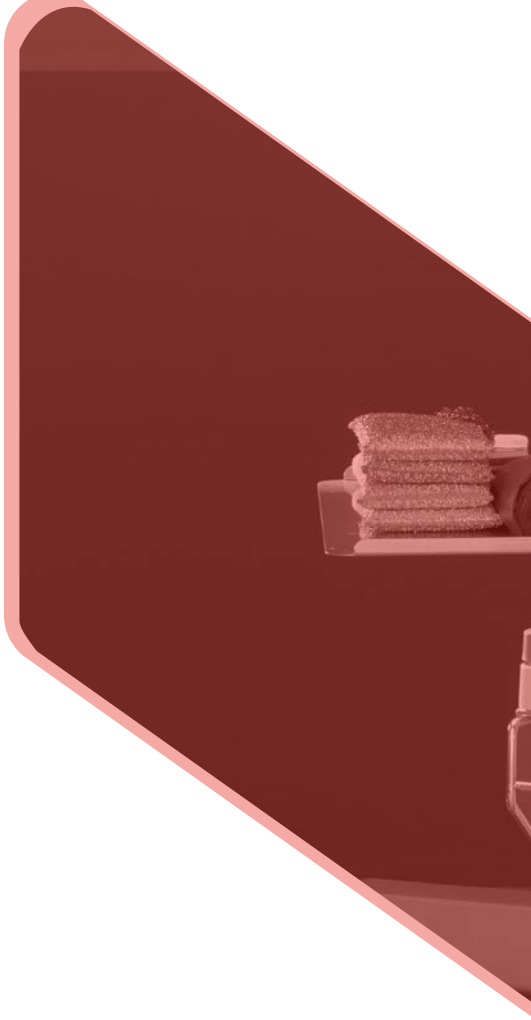

Our fast turnaround and efficient order fulfillment and warehousing systems enable us to ship your orders within 24 hours.

Our six warehouses are conveniently located throughout Canada with a team of local experts who understand your business. We are here to offer solutions and personalized service.

Our strong supply partnerships also enable us to source unique items for your custom applications or special projects.

Let a Functional Space Make Your Life Easier!

The secret to a well organized, functional kitchen is having a place for everything and everything in its place. Storage accessories can dramatically assist in organization of the kitchen by using all of the available space. Save time, maximize efficiency, and even reduce the possibility of injury with functional kitchen solutions.

Find New Space
Arguably the greatest benefit to outfitting your kitchen with the proper accessories is the space that is created. We pay an unbelievable amount of money for homes these days and to waste even a square inch is counter-productive. Utilizing all available space in every room throughout the house is the best way to get the most value out of your home. Blind corner pullouts are a great way to utilize previously wasted space.

Save Time and Maximize Efficiency
Instead of having to search high and low, pulling everything out of a cabinet, or trying to remember where you put the can of fava beans (probably next to the chianti), a few functional storage accessories such as drawer organizers or pullout waste bins in the right place can save a lot of time. For today's busy household, every minute saved while doing chores, is a minute that can go toward more important things such as family, friends, or relaxing with that bottle of chianti.

Reduce Injury
Without having to bend, stretch, or put yourself in an awkward position, a blind corner or base cabinet pullout can greatly reduce the risk of injury within the home. When given the choice, why not bring the items closer to you, instead of having to strain or blindly dig around in the back of your lower cabinets to find something? Save your back, knees, and unnecessary frustration by picking the solution that is right for you.

No matter the type of lifestyle you live, your space, time, and personal well-being are important. Protect all of them with the proper home storage accessories and reap the benefits day in and day out.

CORN

ER

Corner Cabinets have always been a tricky area in the kitchen, traditionally being underutilized or unused space altogether and often leaving an awkward hole to be filled.

Use all of the space in your blind or pie-shaped corners with one of our many high-quality corner cabinet solutions.

Galaxy Maxi Pantry

PRODUCT FEATURES

The Maxi Pantry offers a solution for hinged cabinets where the baskets move out automatically when the door is opened. A new and improved mechanism now works with 110 or 120 degree hinges and stabilizes the motion with an attachment to the side of the cabinet.

- Frame is side and bottom mounted
- Two widths for 450mm (18") or 600mm (24") cabinets
- Dark Grey bottom baskets with attractive Anthracite wire
- Fixed height, non adjustable
- 120 degree hinges are best for full extension of baskets
- Anti-slip wood melamine bottom baskets are TSCA Title VI compliant
- Load capacity: 75kg (165lbs)

WASTE

Waste storage pullouts create an opportunity to increase the functionality and workflow of a kitchen while eliminating that unsightly old garbage can from the kitchen floor.

With multiple different designs and bin configurations for garbage, recycling, and compost, there is a solution that's right for your project.

GLOBE

PRODUCT FEATURES

The Vibo GLOBE waste bin pullout is a European waste bin system that can be customized to the needs of your client. Choose from large multi-bin waste and recycling storage systems and add pieces such as small removable compost bins or carbon filter lids.

- Spacer kit included for use in imperial or metric width cabinets
- Durable certified 50kg load soft-close european slide
- Slide over-travel makes bin removal easy
- Metal shelf lid included or use with carbon filter lids (sold separately)
- Door-Mount brackets include 6-Way door adjustments
- Optional Lids available on Page #77

Undersink Swingout Storage

PRODUCT FEATURES

The unique Undersink Swingout Storage (USS) is ideal as a pair to our USB in an undersink cabinet. Both the USS and USB products together will fit in a 36" (900mm) or wider sink cabinet. When both units are open, you can still stand between and access both sink and shelves.

- Best suited for 18" (450mm) cabinet door
- Not-reversible, left-side install and left-side swing only
- Door-mount bracket has 3-way adjustment
- Two chrome wire baskets with movable dividers
- Perfect for storing cleaning products
- Soft-close included
- Load capacity: 20kg (44lbs)

Order Information

Flip Down Laundry Hampers

MARATHON

PRODUCT FEATURES

The Flip Down Laundry Hamper is the best option for small laundry rooms and tight spaces like closets. Concealed behind a cabinet door that tilts out to allow full access to the removable basket, this hamper option is designed perfectly to store soiled laundry and save space.

- Suits 18" or 450mm wide cabinets
- Door mount works for both slab and shaker doors
- Tilt out support arms included, along with a soft-close damper
- Requires pair of standard cabinet hinges at the bottom of cabinet/door (sold separately)
- Adjust your door alignment with your hinges (depending on model)
- Removable baskets with breathable design and integrated handles
- Narrow depth suits closets (less than 11 or 14" depth required)
- Load Capacity: 10 kg (22 lbs)

Order Information

1 Flip-Down Laundry Hamper, for 450mm or 18" Cabinets
